The International Federation of Sports Physical Therapy Guideline on Doping

The World Confederation for Physical Therapy (WCPT) supports anti-doping policies in athletes of all ages and abilities. WCPT supports an athlete's right to participate in doping-free sport, and to promote health, fairness and equity for athletes worldwide. Therefore, WCPT endorses the International Federation of Sports Physical Therapy's Guideline on Doping. ¹

WCPT urges its member organisations to promote the guideline, and the principles contained within it, to their members.

Approval, review and related policy information	
Date adopted:	Endorsed at the 16th General Meeting of WCPT June 2007. Endorsement re-affirmed at the 17th General Meeting of WCPT June 2011. Endorsement re-affirmed at the 18th General Meeting of WCPT in May 2015. Endorsement re-affirmed at the 19th General Meeting of WCPT in May 2019
