DISCLAIMER

• The data in this report is based on responses to the annual membership census sent to World Physiotherapy’s member organisations.

• In 2021 the annual membership census was sent to 125 member organisations, of which 117 responded, representing a 94% response rate. The census date was 30 June 2021.

• Some data in this report has been collated from other sources available to World Physiotherapy.

• If you have any questions or concerns, or want to make changes to your country’s data, please contact membershipcensus@world.physio.
