% shows the percentage of physiotherapists that are members of a World Physiotherapy member organisation

The data in this page includes data from all of World Physiotherapy's 125 member organisations. Some data has also been collated from other sources available to World Physiotherapy.
*This decrease is due to an internal audit of the number of individual members in the Indian Association of Physiotherapists. This changed their membership numbers from 48,397 in 2021 to 14,735 in 2022.

DISCLAIMER

- The data in this report is based on responses to the annual membership census (AMC) sent to World Physiotherapy's member organisations.

- The AMC was sent to 125 member organisations, of which 116 responded, representing a 92.8% response rate. This is consistent with previous years' response rates and demonstrates strong engagement between World Physiotherapy and its member organisations. The census date was 30 June 2022.

- Some data in this report has been collated from other sources available to World Physiotherapy.

- If you have any questions or concerns, or want to make changes to your country's data, please contact membershipcensus@world.physio.
