

Pain & Stroke Rehab Centre Chennai, India

The Pain and Stroke Rehab Center team in Chennai, India, organized an awareness program on "osteoarthritis of knee" at Reliance Mall (Iyyappanthangal, Chennai). The team examined people with knee pain, used evidence based criteria, and provided surveys to test their perceptions on osteoarthritis knee. This made it easier to educate them accordingly.

Additionally, the team also gave free consultation for other pain conditions, conducted fitness test on youngsters and also educated the staff of Reliance Mall about their occupational hazards and its preventions.
