Participants by region

“It was my first time attending the World Physiotherapy Congress, and the experience was truly amazing! I was thrilled to connect with professionals from all over the world, exchanging knowledge, experiences, and insights that I will carry with me throughout my career.”

“I would like to extend my sincere gratitude for the incredible opportunity to participate in the World Physiotherapy Congress 2025. It was truly an inspiring and enriching experience. The congress was exceptionally well-organised, intellectually stimulating, and filled with meaningful interactions ... every aspect reflected your commitment to excellence and the advancement of our profession.”
